DCIT 26 - APPLICATION DEVELOPMENT AND EMERGING TECHNOLOGIES

PROJECT SCENARIO

You are a Technology Consultant at **TechVision Consulting Inc.** Your firm has been hired by **Manila Manufacturing Corporation (MMC)** , a medium-sized company that produces consumer goods. MMC wants to adopt emerging technologies to modernize their operations, improve efficiency, and remain competitive. However, they are unsure which technologies to adopt and how to implement them.

Your Task: Create a comprehensive interview guide that will be used to interview key stakeholders at MMC. This interview guide will help you assess their current state, challenges, and readiness for adopting emerging technologies. Your findings will inform a technology adoption recommendation report.

GENERAL INSTRUCTIONS

Format Requirements:

- Create a professional interview guide with a title page
- Use clear headings and subheadings
- Include an interviewer instructions section
- Include a section for interviewee information
- Organize questions by category with logical flow
- Include space for notes and responses
- Add a closing section

Content Requirements:

- Base ALL questions on the Module 1 lecture content
- Cover ALL emerging technologies discussed: AI, Machine Learning, AR, IoT, Cloud Computing, Big Data, Quantum Computing
- Assess current state, technology awareness, readiness, challenges, skills, budget, and implementation capacity
- Use the provided scenario as context
- Show AI checker result and Grammarly result.

Question Requirements:

- Minimum of 25 questions

- Include mix of open-ended and close-ended questions
- Use probing follow-up questions (Why? How? Can you elaborate?)
- Questions must be clear, concise, and relevant

Required Sections to Include:

- Introduction/Interviewer Instructions
- Interviewee Information
- Background and Current State
- Technology Awareness and Readiness
- Industry and Competitive Analysis
- Specific Technology Areas
- Skills and Capacity
- Budget and Implementation
- Closing

Submission Requirements:

- Submit a typed, clean, and professionally formatted guide
- Ensure all sections are complete
- Check for spelling and grammar errors
- Include the rubric with your submission

RUBRIC FOR EVALUATION:

Criteria	Excellent	Good	Satisfactory	Needs Improvement	Score
Completeness of Sections	All 9 sections complete and well-organized	7-8 sections complete	5-6 sections complete	Less than 5 sections	/15
Question Quality	Questions are clear, relevant, and probing	Most questions clear and relevant	Some questions unclear or irrelevant	Many questions unclear or irrelevant	/15

Coverage of Technologies	ALL emerging technologies covered thoroughly	Most technologies covered	Some technologies covered	Few technologies covered	/25
Alignment with Scenario	Questions perfectly match the MMC scenario	Questions mostly match the scenario	Some questions match the scenario	Questions do not match the scenario	/10
Open-Ended Questions	Excellent mix with effective probes	Good mix with some probes	Some open-ended questions	Few open-ended questions	/10
Professional Format	Very professional, clean, and organized	Professional with minor issues	Somewhat professional	Disorganized or messy	/15
Practicality	Questions are practical and usable	Most questions are practical	Some questions are practical	Questions are impractical	/10

TOTAL SCORE: ____ / 100
